Safe Return to School and Continuity of Services Plan

Date of Original Adoption August 14th, 2020

Date Plan was Last Revised: June 15th 2021

Next Regularly Scheduled Month for Consideration (At least quarterly): July 13, 2021,
August 12th, 2021

Dates Reviewed: July 13th, August 12th, August 24th

March 2020 - June 2021

1. The Big Sky School District was ordered to close to in person instruction on March 15, 2020, under an executive order issued by then-Governor Bullock. Districts were provided a two-week period of time during which they could remain fully closed to instruction of any kind while developing a plan for remote instruction required by the Governor.
 - a. Although our district was authorized to remain closed, we quickly mobilized and began remote instruction during the timeframe when we were authorized to remain closed. On March 18th teachers launched virtual / distance learning for the K-12; materials were ready for pick up, google classrooms with meet were established, all student k-12 went home with a device on March 13th and synchronous learning began at 830 a.m. on March 18th. Thereafter, our district continued pursuant to a reopening plan approved by the Governor beginning March 30, 2020.
2. On April 22, 2020, then-Governor Bullock lifted his Stay at Home Order, and Announced a Plan to Begin Phased Reopening of Montana. As part of that plan, effective May 7, 2020, all schools were provided the option to return to in-classroom teaching at the discretion of local school boards.
 - a. Our school district finished the 2020-21 school year through remote instruction. During the 2020-21 school year, our means of operation have included:
 - i. In person
 - ii. Hybrid – 50% of students attended in person instruction and 50% of students attended synchronous instruction through technology. The student cohorts rotated on a daily basis.
 - iii. Offsite – Students who chose to participated in offsite, synchronous instruction with their classmates in a 100% virtual environment.
3. Our district developed a plan for reopening to in person instruction, with contingencies, and we implemented that plan for the 2020-21 school year. The reopening plan, details regarding which are provided below, included adoption of various model policies provided by the Montana School Boards Association under its 1900 Series, including model policies aligned with CDC guidance regarding mitigation strategies to limit exposure to and transmission of COVID-19 in school settings.

4. Our district is finishing the 2020-21 school year strong, having provided high quality learning opportunities to the students in our community in safe and effective learning environments.
5. We embraced a fundamental principle of providing extensive transparency to our community throughout the above timeframe. We publicly noticed, held meetings regarding, and provided extensive opportunities for our community to provide us with feedback regarding the School District's plans and we carefully considered such feedback in developing and refining the School District's plans throughout the last 14-15 months.

Part II: Contents of The School District's plan for Safe Return to In-Person Instruction and Continuity of Services:

1. A description of how the district will maintain the health and safety of students, educators, and other staff:

Following the lifting of the Stay-at-Home Order and subsequent reopening of the state on April 22, 2020, Big Sky School District utilized the Montana Public Education Center *Roadmap for Safely Reopening Montana's Public Schools Using Emergency School District Policies* and accompanying MTSBA Model Emergency Policies. Utilizing these resources supported our district's continued service to students with transparency and accountability while ensuring the operations of the school district reflected the circumstances in our community.

The policies ensured our Board of Trustees and school leaders honored the following priorities: quality instruction to students; a healthy and safe setting for students, staff, and the community; needed support of teachers and staff; and responsible financial and operational procedures. The policies provided an actionable plan for completing the 2020-2021 school fiscal year in a manner that met these priorities and secured district funding while providing an operational platform for considering long term innovations in the delivery of education services.

Big Sky School District implemented policy options that facilitated collaboration between the Board of Trustees, administrative team, employees, parents, students, health officials, and community as we established protocols aligned with CDC guidance addressing how instruction was to be delivered to students; how gatherings and events

would take place on school property; how the health and safety of staff and students would be protected and preserved while schools were open; and how financial and operational functions of the school district would continue during the period of public health emergency.

Big Sky School District reviewed, considered, and addressed numerous areas of operation in our reopening process. On the topic of school district policy and procedures, the district considered emergency policies and procedures, adoption and amendment of policies, suspension of policies, and administrative procedures. To support students' academic, mental, social and emotional success, the district considered alternative grading, counseling, extended school year, student instruction proficiency determinations and declarations, support for particularly vulnerable students, transportation services, access to internet for students, food preparation and service, summer school and additional student instruction resources. To ensure the health and safety of students, teachers, and staff, the district considered cleaning and disinfection, community use of facilities, county board of health orders, diagnosis and confidentiality, hand washing and related hygiene protocols, telework, school closure orders, stay at home orders, symptom monitoring and isolation, travel quarantines, visitors, volunteers, vulnerable individuals, masks and personal protective equipment, and physical distancing.

Following the Roadmap for Safely Reopening Montana's Public Schools Using Emergency School District Policies ensured Big Sky School District has remained in compliance with guidance and best practices provided by federal, state, or local health officials. Our school district has continued to adapt and adjust our policies as new and updated guidance and best practices have become available.

Further, the policies provide options for consideration through input from our board of trustees, administrative team, employees, parents, students health officials, and community as collaborative partners as we have worked our way through ever evolving changes due to the pandemic. By considering all possible perspectives and factors when making the decisions to adopt or adjust a policy, or to implement a policy, we focused on the health and safety of our students, staff, and community for delivery of learning and services to our students. The policies have enabled us to adjust our procedures and practices during different phases in compliance with guidance and best practices provided by federal, state, and local agencies.

Big Sky School District will continue to follow the policies noted below while engaging in a quarterly reevaluation process to continue to ensure the health, safety and wellbeing of our students, teachers, staff, and community through 2024.

Part III – Updated Compliance for the District’s Previously Adopted Plan for the Safe Return to In-person Instruction and Continuity of Services:

Section 2001(i)(3) of the ARP Act states that a school district that developed a plan for the safe return to in-person instruction and continuity of services prior to the date of enactment of the ARP Act will be deemed to have met the requirement to develop a plan under section 2001(i)(1) as long as the plan meets the statutory requirements (*i.e.*, is publicly available on the LEA’s website and was developed after the LEA sought and took into account public comment).

The School District’s plan meets the requirements of Section 2001(i)(1) and (i)(2) of the ARP Act. The School District’s plan is available on our website and, as noted above, was developed through a process that included extensive public comment. Further, we have, as part of the organization of the School District’s plan for purposes of the ARP Act, revised the School District’s plan at a meeting held on June 15, 2021 that included not just a notice of opportunity for public input but which specifically invited meaningful consultation with and input from:

1. Students; families; school and district administrators (including special education administrators); teachers, principals, school leaders, other educators, school staff, and their unions; and
2. Tribes; civil rights organizations (including disability rights organizations); stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory students, children who are incarcerated, and other underserved students.

We have considered the input of all affected parties and have carefully deliberated regarding the best possible means by which our district can provide safe effective learning environments for each of our students.

June 2021 - September 30, 2024

Part IV – Schedule for Future Review and Updates:

Consideration of this Safe Return to Schools and Continuity of Services Plan shall be added as a standing agenda item on each regular and special meeting of the board of trustees throughout the 2021-24 school years. The agenda item

shall, at a minimum, include notice of any changes to the plan recommended by the administration with an invitation for input, notice of opportunity for public input, and consultation with:

1. Students; families; school and district administrators (including special education administrators); teachers, principals, school leaders, other educators, school staff, and their unions; and
2. Tribes; civil rights organizations (including disability rights organizations); stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory students, children who are incarcerated, and other underserved students.

Appendix – Attach and/or provide a website URL for the school district’s adopted 1900 policies in their entirety.

5 Administrative Procedures for Student, Staff, and Community Health and Safety

6
7 The administrative team of the School District has adopted these procedures in accordance with
8 Policy 1310 in order to implement Policy 1905 during the term of the declared public health
9 emergency to ensure a safe and healthy work and instructional setting. These procedures were
10 developed in accordance with the latest available guidance from the Centers for Disease Control
11 and in coordination with applicable state, tribal, and local health officials. These procedures
12 supplement Policy 1905. All provisions in Policy 1905 remain in effect.

13
14
15 Personnel Cleaning and Disinfecting

16
17 Personnel will evaluate and identify surfaces and objects to be cleaned and disinfected in
18 accordance with their knowledge, experience, and the latest available guidance from the Centers
19 for Disease Control, state, tribal, and local health officials. Personnel will have access to or the
20 opportunity to access the latest available guidance upon request to their supervisor.

21
22 Personnel will coordinate with colleagues and supervisors to develop a plan, schedule, and
23 routine to regularly clean and disinfect identified surfaces and objects. Personnel will honor this
24 plan, schedule, and routine until adjusted. Reasons for adjustment may include but are not
25 limited to change in school schedule, absence of colleagues, availability of equipment and
26 supplies, and federal, state, tribal or local health directives and guidance. If adjustment is
27 necessary, personnel will again coordinate with colleagues and supervisors to improve the plan,
28 schedule, and routine. Personnel will solicit and accept perspectives from colleagues and other
29 school officials when considering improvements to the plan.

30
31 Personnel will prioritize disinfecting frequently touched and indoor surfaces. Hard and non-
32 porous surfaces and objects that are touched daily will be the top priority for disinfection on a
33 daily basis. Hard and non-porous surfaces and objects that are not indoors or have not been
34 occupied for seven days will be routinely cleaned. Personnel will first clean visibly dirty
35 surfaces and objects prior to disinfection by using the appropriate cleaning or disinfecting
36 product for the identified surface, object, or task. Personnel will always use chemicals, products,
37 and substances authorized by Policy 1905 in a manner consistent with the applicable instructions.

38
39 Personnel will thoroughly clean or launder soft, porous, or fabric-based materials as permitted by
40 location and substance. During evaluation and identification of surfaces, personnel will consider
41 removing soft and porous materials in high traffic areas that may increase risk of exposure.

42
43 Personnel will establish and maintain safe work practices in accordance with these procedures
44 and School District policy in order to reduce the risk of exposure.

1
2
3
4 Physical Distancing and Work Areas
5

6 Staff members working in the school when no students are present will maintain appropriate
7 physical distance from their colleagues as permitted by their duties and work setting to minimize
8 contact and risk of exposure. Staff members will have access to disinfecting wipes or
9 disinfecting spray and disposable paper towels and time to clean their desk, office, work area or
10 classroom when needed.
11

12
13 Ventilation
14

15 Personnel will review and ensure ventilation systems operate properly and increase circulation of
16 outdoor air as much as possible. Classroom staff are authorized to open windows and doors to
17 increase air flow in a manner that does not pose a safety or health risk to students and staff.
18 Risks to consider include but are not limited to weather, risk of falling, and triggering asthma
19 symptoms.
20

21 Water Systems
22

23 Personnel will review water systems and features including but not limited to sink faucets,
24 drinking fountains, decorative fountains to ensure they are safe to use after a prolonged facility
25 shutdown. Drinking fountains will be cleaned and sanitized in accordance with this procedure.
26 The administration may provide alternative water sources if available. Staff and students are
27 authorized to bring their own water to minimize use and touching of water fountains.
28

29
30 Report and Revision
31

32 These administrative procedures will be reported to the board of trustees upon adoption and
33 implementation by the administration in accordance with Policy 1310. The board of trustees

19 cleaned and disinfected once the student has vacated the area by staff utilizing safety measures in
20 accordance with state and/or local health standards as applicable. Students will be permitted to
21 make up work in accordance with District Policy 1906. Staff members will be provided access

40
41 The school District requires all staff, volunteers, visitors and students aged five (5) and older

5 consuming food or drink, engaged in physical activity, communicating with someone who is
6 hearing impaired, receiving medical attention, or have a medical or developmental condition
7 precluding use of a mask. The superintendent, building principal or their designee may request
8 documentation from a care provider when considering an exception to this provision for medical
9 or developmental reasons.

15 exemptions to the face covering requirement will be promptly investigated in accordance with
16 District policy. A student, staff member, or visitor who, after an investigation, is found to
17 engaged in behavior that violates District policy is subject to redirection or discipline. Failure or

26 disinfect by using chemicals to kill germs on all surfaces and objects in any school building and
27 on school property that are frequently touched. This process shall include cleaning
28 objects/surfaces not ordinarily cleaned daily.

29
30 Personnel will clean with the cleaners typically used and will use all cleaning products according
31 to the directions on the label. Personnel will disinfect with common EPA-registered household
32 disinfectants. Personnel will follow the manufacturer’s instructions for all cleaning and
33 disinfection products.

34
35 The District will provide EPA-registered disposable wipes to teachers, staff, and secondary
36 students so that commonly used surfaces (e.g., keyboards, desks, remote controls) can be wiped
